## Note from the Owners

Members,

You continue to impress and show your love and commitment to this sacred place. So many of us hold this 107 acres and near 100 year old piece of land dear to our heart, whereas many new members, are just learning of its allure. Many of you are patronizing the club more often in the restaurant and of course, the pool is booming. The golf course looks as good as we can ever remember. A tip of the cap to our new superintendent Cody Wallace and his crew.

As all golfing members have noticed, there are a lot of roped off areas on the golf course. This was a directive of ours to get the approach areas in pristine condition. It WORKED. Sadly, we still have several that tend to want to go around ropes and be in areas that carts do not need to be in. So, soon we will be implementing cart controls to keep carts where they are supposed to be. We will explain more in a detailed email before implementation. We can promise you this, the golf course will be much better after implementation. So, please look at it as a positive. As soon as everyone learns where and where not to drive carts, we will likely remove the controls to give more flexibility. Please be understanding that we are trying to improve your golfing experience and get the course as plush as possible.

Great news. All indications say we will have our liquor license back very soon. We are sort of in limbo because we cannot

seem to find out "how long" it takes once all paperwork has been filed properly. All of our paperwork has been filed and accepted.

So, we will all wait with great anticipation. Liquor by the drink does many things positive for the club. It gives much needed tax dollars back to the small city of Niota, opens up new opportunities for events and is an added attraction for new potential members. Not to mention, gives our membership options. So, cross your fingers and we should see it back in place very soon.

We are on the doorstep of having the club at the right membership level, participation level and we have it attractive to new potential members. We are confident with continued support the club will soon thrive again, as it should. So, thank you to all of you for bringing in new members. Thank you to all of you for your additional participation. This is, and will remain, a great place to be a member.

Sincerely,

Heater Brothers Golf, LLC

## Golf Shop News

We are making gradual alterations and strides to improve our country club golf shop. We are doing all we can to improve our stock in the golf shop and increase the amount of items available. Due to the COVID pandemic and resulting consequences to the worldwide supply chain, it has become increasingly difficult to estimate delivery of merchandise. Please be patient with us and our suppliers, we are doing the best we can in light of this unforeseen situation.

We have erected a new information board outside the golf shop that will provide useful information about the golf course playing conditions, range hours, daily events and cart return time. Please take a moment to look it over.

Since we have added nearly 40 new members in the last 3 months, let me remind you all that we have the following golf outings:

Daily: 1:00 P.M. & 3:00 P.M. - Men's Choose-Up

Tuesday: 9:00 A.M. - Ladies' Choose-Up

Tuesday: 8:50 A.M. - Senior Men Choose-Up

Thursday: 5:30 - Big Cup Scramble

Saturday: 9:00 A.M. - Women's Choose-Up

Saturday: 9:30 A.M. - Men's Choose-Up

Sunday: 10:30 A.M. - Men's Choose-Up

Sunday: 3:00 P.M. - Couples 2-Ball

## GOLF CLUB REPAIR

We offer gripping services for our members' clubs. Labor for gripping clubs is \$2/club and shaft repair labor is \$5/club. We can also order shafts and grips for you. Please see the golf shop for assistance.

Sincerely, Golf Shop

## REMINDERS

- Failure to check-in with Pro Shop before your round will result in a cart charge no matter your membership status
- One Cart per family
- Accounts 60 days or more past due shall have charges privileges suspended
- **DO NOT DRIVE GOLF CARTS OFF OF PROPERTY**

## SPECIAL THANKS

- Special thanks to the Liner Family for their generous donation of trees that will be placed on the first hole in memory of their father, Charles J. "Buddy" Liner.
- Special thanks to Ted Heater for his tireless efforts to replace our aging trees and replanting numerous for the next generations to come.

## Greens & Grounds

Since accepting the superintendent job in May, I have had the privilege of meeting several of the members here at Springbrook. Everyone I've met has been very friendly and welcoming. I'm working on remembering all the names but that will come with time. During my short time here, I have put together a list of short and long term improvement goals for the course. My ultimate goal is to improve the golf course in every aspect from tee to green. Some of our short term goals for this summer include reshaping some of the fairways, repairing bare spots in fairways and tees, and eliminating as many weeds as possible. Obviously making any type of improvement takes time but with proper planning and some hard work the course will get a little better every day.

Please keep in mind that you, as a member, have a great impact on the course conditions. Repairing ball marks, filling your divots with sand and following cart rules may seem like little things, but go a very long way in providing the best possible conditions. Let's all do our part! Thanks for having me as part of the team, and I look forward to seeing you out on the course. Thanks,  
Cody Wallace

## Bar & Restaurant

Great News! We have hired Jason Brooks as our Restaurant and Bar manager. Jason is familiar with the club from being here in years past. Obviously, a lot has changed and he is ready and willing to accept the challenges that the position presents.

Jason brings great experience and structure to both departments. We are thrilled to have him and hope all will welcome him.

### A Word From Jason:

I am happy to be back as a part of Heater Brothers Golf, LLC.

I wanted to offer some news about things we are doing and want to do in the future. Friday Night Dinners will feature different specials every week, always featuring a steak of some kind and a second special, changing weekly. Friday Night Dinner Service participation has vastly increased in the last few weeks and that is very exciting. We are definitely heading in the right direction. I want to personally thank the members that are participating and ask that all other members come out for Friday Night Dinner. We relish the opportunity to cook for all of you.

In order to make your experience special, please set your reservation by Thursday each week by 12:00 noon.

We have extended kitchen hours in an effort to be more accommodating, so please patronize the restaurant so the new extended hours can continue.

We look forward to seeing you all.

Sincerely,

Jason Brooks
